Jurnal Nasional Teknik Elektro dan Teknologi Informasi is a research-based open-access journal. It is published quarterly in February, May, August, and November.

EDITORIAL FOREWORDS

We extend our sincere gratitude for the publication of Volume 13 Number 4 November 2024 edition of Jurnal Nasional Teknik Elektro dan Teknologi Informasi. Ten papers are included in this edition: three pertain to information technology; two to signal, systems, and electronics/telecommunications; and five to power systems.

Jurnal Nasional Teknik Elektro dan Teknologi Informasi commits to publish articles in Indonesian and English. The inclusion of these two languages aims to offer benefits for Indonesian and international readers. Ensuring each article is available in two languages requires a considerable amount of effort. Hence, we are deeply grateful for the collaborative efforts of the translators, proofreaders, and authors in achieving this.

We remain open to criticisms and suggestions.

Editor in Chief

Prof. Dr. Ir. Risanuri Hidayat, Siv.Ing., IPM.
