Jurnal Rekayasa Proses submission update

Himawan Tri Bayu Murti Petrus, Editor-in-Chief

Dear respectable authors and colleague of *Jurnal Rekayasa Proses*,

Aiming to be able to provide much better service and scientific publishing media for all related stakeholders, Jurnal Rekayasa Proses is excited to bring you some important updates. First, we would like to inform you that we have transitioned to a new submission platform. We will no longer be accepting submissions through the old page <https://jurnal.ugm.ac.id/jrekpros>. Instead, we encourage all authors and researchers to utilize our new and improved submission platform at <https://jurnal.ugm.ac.id/v3/jrekpros>. Your cooperation in adhering to this change is highly appreciated, and we believe that this update will contribute to a more efficient submission process for everyone involved.

Furthermore, we are pleased to announce a change in our publication schedule. Starting from the year 2024, the Jurnal Rekayasa Proses will publish three issues a year, specifically in April, August, and December. We trust that this adjustment will facilitate a more comprehensive and timely dissemination of valuable research.

We sincerely appreciate your attention to these updates and your continued support. If you have any questions or concerns, feel free to reach out to our editorial team.

Best regards,
Editor-in-Chief of *Jurnal Rekayasa Proses*

(Himawan Tri Bayu Murti Petrus)

The screenshot displays the website's header with the journal title and logo. Below the header, an editorial section is visible, titled "Growing Number of Journals Published in Each Edition of Jurnal Rekayasa Proses" by Himawan Tri Bayu Murti Petrus. The text discusses the transition to a new submission platform and the increase in the number of journals per issue from 10 to 15, effective from June 2023. It highlights the journal's commitment to inclusivity and interdisciplinary collaboration. A small image of the journal cover is also shown. At the bottom of the screenshot, there is a navigation menu with links for HOME, LATEST ISSUE, ARCHIVES, ABOUT, POLICIES, and SUBMIT. Below the menu, a notice states that the site is still under construction and is the new OJS system. Accreditation information from SINTA 2 is also present, along with a brief description of the journal's scope and publication frequency.
